## 2014 Product Planning Bulletin

### Subject: 2014MY X5 Ordering and Pricing Guide

BMW is pleased to present the ordering and pricing guides for the all-new BMW X5 SAV. The new model offers a restyled exterior and a more luxurious interior, further raising the styling, comfort and drivability benchmark in the luxury SAV segment. Adding to the stunning new design is a significant value improvement, with over \$6,000 worth of standard features on the 35i and 50i models, for a modest price increase of \$1,100 and \$800, respectively.

#### **X5 35i - \$62,900 (+\$1,100)**

Equipment added as standard:

- Choice of xLine or Luxury line
- Sunroof
- Automatic tailgate
- Electronic steering wheel adjustment
- Sport steering wheel
- E-call and basic ConnectedDrive services
- Park distance control
- Rear view camera
- Automatic engine start/stop
- Drive mode selection
- Servotronic variable electric steering

# BMW Canada Inc.

## 2014 Product Planning Bulletin

### **X5 50i - \$76,500 (+\$800)**

Equipment added as standard:

- Choice of xLine or Luxury line
- BMW on-board navigation
- +45 horsepower, +29 lb-ft of torque
- Automatic engine start/stop
- Soft close doors
- Sport Steering wheel
- E-call and basic ConnectedDrive services
- Rear view camera
- Servotronic (variable electric steering)

X5 packages have been significantly reconfigured as features were moved to standard equipment, and to accommodate newly available equipment on X5, such as Active LED headlights and Active protection.

Previous 35i Executive Edition is renamed to Premium package, and adds comfort access, sunshades, lumbar support, heated rear seats, head-up display and 4-zone climate from the deleted Comfort and Technology package, while a number of features are moved to standard equipment. The 50i Executive Edition is renamed to Premium package and adds comfort access, sunshades, surround view and head-up display, while a number of options move to standard equipment. There is no change in price of the packages.

A new Technology package is now available at a price of \$3,800, and includes Active LED headlights, LED fog lights, high-beam assistant, and a number of safety features, including active blind spot detection, lane departure and collision warning, and the new active protection. Active protection initiates protective measures for the occupants if an accident situation is imminent: belt tensioning, windows are closed, sliding sunroof is closed, backrests of front passenger seats are positioned to harm-minimizing position, and brakes are applied after the accident.

A new extended Nappa leather design package is available in Mocha or Ivory, as a stand-alone on the 50i, and in a Premium Seating package on the 35i model. The Premium Seating package also includes soft close doors, ventilated seats and comfort seats. Choosing the Nappa leather design package also includes the following:

Ivory interior design package:

- Leather-finished instrument panel leather 'Walknappa' Atlas Grey with contrasting stitching in Parchment
- Instrument panel bottom section in Ivory White
- Door upper-arm trim panels leather 'Walknappa' in Atlas Grey with contrasting stitching in Parchment
- Remote control with buttons in Chrome Pearl Grey, spider Black high-gloss

Mocha interior design package:

- Leather-finished instrument panel leather 'Walknappa' in Black with contrasting stitching in Nut Brown
- Instrument panel bottom section in Mocha
- Door upper-arm trim panels leather 'Walknappa' in Black with contrasting stitching in Nut Brown
- Remote control with buttons in Chrome Pearl Grey, spider Black high-gloss

# BMW Canada Inc.

## 2014 Product Planning Bulletin

Extended Nappa Leather – Ivory

Extended Nappa Leather - Mocha

M Sport Package is now called M Sport Line, and continues to offer a more aggressive front bumper fascia, sporty aero package and a host of M design equipment, such as M leather steering wheel, M double spoke wheels, anthracite roof liner, black high-gloss shadow line and roof rails, and sport automatic transmission with shift paddles. The package also adds a new Adaptive M Suspension, and ceramic control surrounds.

Finally, the BMW ConnectedDrive Services package replaces the BMW Apps package.

Six new colours are now available on X5, modernizing the colour offer for the new generation. Titanium Silver, Space Grey, Platinum Silver, Vermillion Red, Orion Silver and Sparking Bronze are no longer available. Representative examples are made available for your convenience, shown with the xLine package.

A96 – Mineral White Metallic

A83 – Glacier Silver Metallic (SOP 12/13)

# **BMW Canada Inc.** 2014 Product Planning Bulletin

A14 – Mineral Silver Metallic (SOP 12/13)

A90 – Dark Graphite Metallic

A89 – Imperial Blue Metallic (SOP 12/13)

B53 – Sparkling Brown Metallic

Dakota leather upholstery is now standard equipment, with Nevada leather deleted. Two new Dakota leather colours are made available. Representative examples are shown with comfort seats. Beige, Oyster, Cinnamon and Tobacco are no longer available.

LCB8 – Dakota Leather, Terra

LCEW – Dakota Leather, Ivory/Black

# BMW Canada Inc. 2014 Product Planning Bulletin

In stand-alone options, two new 20" wheels are made available at a cost of \$995, and can be added to any model without an M Sport Package.

2LS, 20" Y Spoke, style 451

2TZ, 20" Star Spoke, black high-gloss, style 491

Customers seeking the most out of their driving experience can opt for the Dynamic Adaptive Suspension package, (listed as one option, 2VP) which includes Active Roll Stabilisation (ARS) Dynamic Performance Control (DPC) and Variable Damping Control (VDC). ARS minimises vehicle roll during high-speed cornering, while VDC allows the adjustment of dampers between sporty and comfort oriented modes via the drive mode selection button. Finally, DPC consists of an upgraded rear differential which is able to distribute torque between the left and right rear wheels during cornering, or to the wheel with more traction. This system completely eliminates under-steer, and increases safety by delivering power to the wheel with most traction. The Dynamic Adaptive Suspension package is available at a cost of \$3,500.

Night vision with pedestrian detection is now also available on X5, at \$2,500. Rear seat entertainment system now consists of two 9.2" screens mounted on the back of the driver's and front passenger's seats. The screens can be controlled independently and allow for playback of DVDs, or auxiliary connections such as MP3 players or gaming consoles (not included). The dual screen system is available for \$1,950.

Please refer to the ordering and retail price guides for more information. Further details are available in the introductory 2014 X5 bulletin released on May 30. Full specifications will be made available at a later date.
