2018 X5 Sports Activity Vehicle

The MY2018 X5 Sports Activity Vehicle (/glossary/?termid=15160) (F15) starts production in September 2017. There are a few updates for the X5 Sports Activity Vehicle (/glossary/?termid=15160) versus MY17.

Exterior Updates:

- A new 19" wheel option is available: 2H7 Light alloy V-Spoke wheels Style 450 with all-season run-flat tires
- 2H4 Light alloy Multi-Spoke wheels Style 448 with all-season run-flat tires has been deleted
- A new 21" wheel option is available for the X5 xDrive 35i, X5 xDrive35d, and X5 xDrive50i M Sport Packages: 22Y M Double-spoke wheels Style 599M with performance run-flat tires

The MY2018 F15 features the latest iDrive (/glossary/?termid=13957) 6.0 system, with an updated look and configurable "live" tiles that allow users to display their favorite functions at a glance.

"Live" Tile Overview

- The Media / Radio tile shows all relevant meta data for the active audio source.
- The Navigation tile can be configured to either map or arrow view.
- The Communication tile shows the current date, incoming / active calls, and the primary phone connected to the vehicle.
- The ConnectedDrive tile can be configured to a subset of all available Online Apps, such as Weather and News. In the notification center, the customer will see the number of all unread messages divided into three categories (email, SMS, and CheckControl messages).
- The My Vehicle tile can be configured to show driving style analysis or consumption history (PHEV-only).
