The 2018 X5 M Sports Activity Vehicle.  
Born to rule.

The MY2018 X5 M Sports Activity Coupe (/glossary/?termid=15161) (F85) starts production in September 2017. There are a few updates for the X5 M Sports Activity Coupe (/glossary/?termid=15161) versus MY17, including the following Special Edition.

Black Sapphire Edition:

- With the start of MY2018, BMW of North America is pleased to announce the introduction of the BMW X5 M Black Sapphire Edition. The edition includes Black Sapphire Metallic Paint (475), 21" M Light Alloy Black Wheels (20T), Piano Finish Black Trim (4ML), Bi-color Black and Mugello Red Full Leather Merino with Red stitching, Executive Package (ZEC), and Bang & Olufsen Sound System (6F2). The X5 M Black Sapphire Edition is limited to 150 vehicles and starts at \$114,450 excl. D&H.
- To complete the edition, BMW of North America recommends to add the accessory Black Kidney Grilles (L – 51 71 2 354 497, R – 51 71 2 354 498) and Carbon Fiber Mirror Caps (L – 51 16 2 361 521, R – 51 16 2 361 520) through a dealer installation.

General X5 M Interior Updates:

- New navigation, iDrive (/glossary/?termid=13957) 6.0, which includes a new user interface with Interactive Live Tiles
- The offer structure has changed slightly for MY18. Details can be found below.

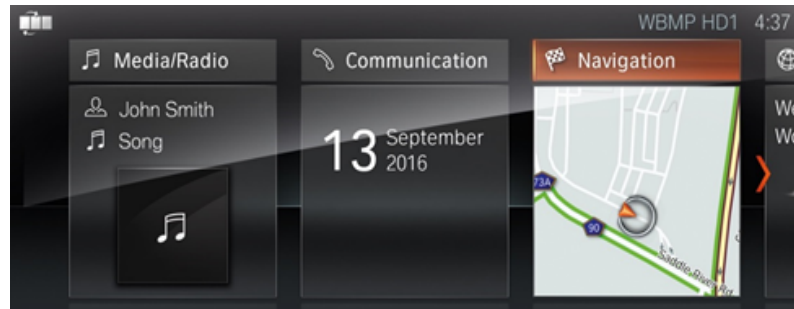

Standard Equipment Changes

Model	X5 M
MY2016 Base MSRP	\$100,700
Standard Equipment Changes	
iDrive 6.0	x
MY2017 Base MSRP	\$100,700
MSRP Increase	\$0
Added Equipment Value	\$0
Increased Customer Value	\$0

The MY2018 F85 features the latest iDrive (/glossary/?termid=13957) 6.0 system, with an updated look and configurable "live" tiles that allow users to display their favorite functions at a glance.

#### "Live" Tile Overview

- The Media / Radio tile shows all relevant meta data for the active audio source.
- The Navigation tile can be configured to either map or arrow view.
- The Communication title shows the current date, incoming / active calls, and the primary phone connected to the vehicle.
- The ConnectedDrive tile can be configured to a subset of all available Online Apps, such as Weather and News. In the notification center, the customer will see the number of all unread messages divided into three categories (email, SMS, and Check Control (/glossary/?termid=13950) messages).
