

Aftersales Business Development & Marketing New BMW M Performance Parts for X5 (F15)

Aftersales Business Development & Marketing is excited to announce a thrilling range of M Performance Parts for the third generation BMW X5 SAV. This new line of accessories gives the X5 a distinctive racing character and even greater driving dynamics. BMW M Performance Parts are the result of years of racing expertise and have been developed in close collaboration with BMW M GmbH. Each component goes through an intense development and manufacturing process which results in uncompromised performance. For a full list of part numbers and pricing, please see the attached part matrix below. To take the Ultimate Driving Machine a step further, order your M Performance Parts today!

Product Highlights / Benefits:

BMW M Performance Parts provide our customers with many benefits:

- **Design:** Developed in conjunction with BMW M GmbH, BMW M Performance Parts are designed to capture the feel and spirit of the racetrack. They further enhance the driving dynamics of all BMW vehicles while giving the vehicle a powerful and exclusive appearance.
- **Exclusivity:** BMW M Performance Parts are the only accessories developed and approved by the BMW Group. They are the result of years of racing experience and designed with the enthusiast in mind.
- **Adheres to rigorous BMW Group test standards:** All BMW M Performance Parts are tested to ensure compliance with stringent group standards
- **Superior warranty coverage**
 - 4 Year / 50K miles when purchased with a new vehicle
 - 2 years or the balance of the new vehicle warranty, whichever is greater
- **Residual adder on leases:** Please refer to FS Bulletin 14-N-11 (attached) for more information on residual adders for M Performance Parts installed at the dealership prior to delivery.

Featured Products:

BMW M Performance Braking System

This braking system is directly adapted from the previous generation X5M (E70). This kit features 395mm front rotors and massive six-piston fixed front calipers, while the rear has 385mm rear rotors with four-piston fixed rear calipers. The M Performance Braking System is an excellent addition for customers who plan to tow heavy loads or those who desire racing-level performance and feel from their brakes.

BMW M Performance Power Kit

The M Performance Power kit unleashes greater power and torque from the third generation X5 xDrive35i. An additional 20 horsepower and 32 ft/lb are added when retrofitting this power kit along with sharper accelerator calibration for increased response and acceleration.

Please see the full list below for pricing and availability. Prices subject to change without notice.

Product Description	Details/Availability	Model	Part Number	Photo	MSRP
Kidney grilles in black high-gloss, Right			51 71 2 334 710		\$95.00
