## 2015 Product Planning Bulletin

### 21” Wheels on 2015MY X5M and X6M models

The all-new 2015MY X5M and X6M models have been garnering praise from customers and the media all around the globe, while the models continue to be in very high demand. Due to this success, our suppliers are unable to deliver a sufficient quantity of 21” wheels to equip all units. As this wheel is currently standard equipment, we are forced to remove the wheel and make the 20” wheel standard. We will do our very best to fulfill any sold orders with a 21” wheel. Please check your ordering system to ensure the customer’s desired wheel choice is being equipped.

Effective immediately, the 21” wheel will now become a chargeable option at a \$2,000 premium. BMW Canada will issue a \$2,000 credit **only to sold order customers on or before April 2, 2015**. Please make sure to mark any sold orders accordingly in the system.

**Now Standard 20” Style 611M**

**Now Optional 21” wheel Style 612M**
