

Hello, and welcome to the Invisihitch family.

Please visit: [www.bimmeramerica.com/invisihitch](http://www.bimmeramerica.com/invisihitch) to schedule your coding appointment.

After scheduling your appointment you will receive an email with a link to the software that we will need to code your vehicle, and also a link to download TeamViewer that will allow us to remote connect to your computer.

During your appointment you will need:

1. Fully charged laptop
2. Your vehicle and laptop within range of a WiFi hotspot
3. The enclosed ENET cable

How the appointment will work:

1. We will call you at the appointment time and instruct you how to start the remote connect session.
2. We will then verify the ID and Password and remote connect to your laptop for the remainder of the process.

If you are satisfied with our services, we encourage you to post a review on our Facebook page: <https://www.facebook.com/pg/bimmeramerica/reviews/> or on our TrustPilot page: <https://www.trustpilot.com/review/bimmeramerica.com>. Reviews and referrals are an integral part to our business and we pride ourselves on making sure every customer is satisfied.

If your vehicle needs to be re-coded due to the dealership installing a software update, we will re-code your vehicle at a 50% discount.

Thank you.
